# Professional Year Program

Set your career up for success with innovative courses and a professional internship with the Navitas Professional Year Program.

Navitas Professional is the only provider able to offer the Professional Year in Accounting, Engineering and IT in every major city in Australia. Our placement consultants will work with you to find an internship specific to your goals and aspirations. Upon successful completion you may be eligible for migration points towards permanent residency.

"After my internship with Cancer Council Tasmania, there are no more barriers between me and my future career."

**TingTing**, Navitas Professional Hobart

## Improve your skills with a Navitas Professional short course:

### Career Experience Program

Bridge the gap between your university studies and the work place. The Career Experience Program offers six interactive work-readiness workshops and a 12-week professional internship opportunity. Strengthen your employment prospects and increase your understanding of how to navigate the world of work successfully.

### Professional Internship Program

Gain work experience and start your career with a professional internship. The Professional Internship Program offers three online work-readiness modules and a 12-week professional internship that will improve your employability prospects. You will spend time immersed in a host company alongside Australian professionals and network with people in your field.
